

Course Number & Name ► MB 642 – Leading and Learning in Systems

Required Text(s) ►

For required textbooks for this course, please visit our online bookstore at <http://www.shop-edmap.biz/stj/>

Course Objectives ►

Upon completion of the course, you should be able to do the following:

- Choose systems-based response strategies within both long and short term frameworks.
- Assess the nature of thinking that informs behavior, producing desirable or undesirable outcomes.
- Evaluate the value of learning, especially in regards to producing transformational changes in behavior at individual and organizational levels.
- Analyze and describe the underlying influences and systemic structures that cause system behaviors to persist.
- Judge the validity of foresight in decision-making and strategy formulation within inter-related systems with clarity and well reasoned arguments.

What you can expect from this course (volume of work) ►
